Home Terms & Conditions Contact not GREAT and you told 1$ they will charge you and it refundable but you charged me 55$ why??????Date of experience: June 17, 2025Fraud alert! I am convinced that this is not a real service but a scam site with chatbots programmed to tell you that help is only minutes away. The premise is great, the execution is non-existent. Don't be fooled into trying it. Date of experience: June 18, 2025Date of experience: June 18, 2025The advice (vetinary) was solid.The contact form does not accept any other format that what the US uses. European formats have different number of digits.If yours differ from what the site form uses, tell the chatbot about this. In my case, the bot switched me to a vetbot anyway and gave me my reply on the screen, instead of via a SMS. This was surprisingly flexible and much appreciated.Date of experience: June 18, 2025At Trustpilot, it's all about human content. This business can also access our AI-assisted response tool which helps them draft replies.He didn't know what I wanted & babbled on,It was a mistake going to the site, it was down as a chat site.I wanted advice on where my parcel was located & not on how to repair it.Date of experience: June 18, 2025Hello Henk,Thank you for contacting JustAnswer.I understand the confusion. Date of experience: June 17, 2025I was speaking by phone to my vet in about 5-7 minutes from my initial request. He gave clear options for our situation (dog ate a bag of chocolate chips). We induced vomiting at home. Doc said he would call back in 20 minutes to check status and he did just that. Vomiting was successful. I shared a photo of the results and Doc said he loved seeing those type of pictures as it means our pet will be OK. Doc gave clear instructions for the next 24-48 hours and made himself available for follow-up conversations.
