LEO . : revamped , LEO . , significantly . . Android iOS (iPhone) . , LEO . , LEO . . , LEO . , LEO Pur . LEO ? LEO? LEO Pur LEO . 150 . , LEO Pur . . , IP- . . , LEO Pur . , LEO Pur . LEO Pur LEO Pur : LEO Pur. LEO bietet eine umfassende bersetzungsdienstleistung fr Englisch Deutsch mit flexiblen Filen und Zeiten. Die Plattform beinhaltet ein Forum, einen Vokabeltrainer und Sprachkurse sowie eine mobile App zur leichteren Zugriffbarkeit der Inhalte.Einige Updates wurden krzlich vorgenommen, um die Nutzererfahrung zu verbessern. Zu diesen nderungen gehren:* Die Untersttzung von Light Mode und Dark Mode ermoglicht Benutzern eine Auswahlmglichkeit fr das Farbschema.* Ein neues Design wurde eingefhrt, um LEOs Funktionen schneller zugreifbar zu machen.* Der Trainer wurde vollstndig bearbeitet, um Nutzern mehr Mglichkeiten zu bieten, die Lernkomfort und -effizienz zu steigern.Schulen knnen nun auch ein spezielles Angebot fr "LEO Pur" nutzen, das ihnen Zugriff auf werbefreie Inhalte bietet. Dieses Angebot gilt nur fr Schulen bis zur Sekundarstufe III/Level 3 der ISCED oder vergleichbarem Niveau und erfordert eine fest zugewiesene IP-Adresse.Nutzer von LEO Pur knnen nun auch den verfgbaren Platz in ihrem Browser besser nutzen, indem sie die Bereiche mit Werbung verstecken. Dadurch haben sie mehr Platz fr Suchergebnisse oder Forendiskussionen zur Verfugung.We have deutsche Wrterbecher, deutsche Wortgrammatik und a Nachschlagewerk zur deutschen Rechtschreibung available there. The "Fragen Sie Dr. Bopp!" blog was also very popular, covering all questions about the German language. We also looked at the information from CanooNet.eu. The last time this offer was run by the IMTF-Group. What to find where? / Where to find what? We have tried to take over as many content as possible and even offered our own. Not all offers that were previously available under CanooNet are still on LEO, some remain with the IMTF Group which unfortunately no longer makes these contents publicly accessible. The IMTF Group originated from "Informatique-MTF AG" in Switzerland and now serves financial service providers in over 50 countries. In Switzerland, offices are located in Givisiez-Fribourg, Basel, and Zurich; internationally, employees work in subsidiaries in Paris, Luxembourg, Vienna, Dubai, Mumbai, and Singapore. Since the IMTF Group is focusing more on other areas, but we think our own offer can be an excellent addition, we decided to take over parts of CanooNet.eu to receive them. This includes especially German grammar and the "Fragen Sie Dr. Bopp!" blog. The other components of CanooNet.eu are partly already in our offer (e.g., German Flexion Tables), partly cannot be easily integrated into our offer or will be used by the IMTF Group for other projects. With these new elements, you have even more help with language-related topics at your disposal, and we hope to also answer even the most tricky questions of German grammar. PS: We have already adapted some components to our technology and designed them for LEO. However, this process is not yet completed.We are delighted to announce that our subscription offer, LEO Pur, is now even more appealing to users up to secondary level III/level 3 of the ISCED. All your school needs is a static IP to take advantage of this improved service.As loyal LEO Pur subscribers already enjoy faster load rates and fewer ads, we are excited to introduce another enhancement: a more spacious ad-free layout. Previously occupied areas by invisible advertising banners are now completely removed, allowing for more space dedicated to search results, forum discussions, grammar guidance, and our Practical French Usage guide.If you're one of our existing subscribers, we would be grateful for your feedback. If you're still unsure about signing up for LEO Pur, this update might just change your mind. We look forward to welcoming you to our community.
