WHAT HAPPENS TOMORROW CHAINS ASTRONAUT ORDINARY WORLD SAVE A PRAYER BEDROOM TOYS NOTORIOUS ARE FAMILY THE REFLEX NICE SUNRISE THE WILD BOYS GIRLS ON FILM RIO First of all, the show I saw was Chic, and Duran Duran. So, Chic played first and was on point. They sounded amazing. They worked through a bunch of hits, and then played hits written by Nile Rodgers for other artists - including David Bowie, Diana Ross, Daft Punk, and more. Again, amazing. Well worth the price of admission. Next, Duran Duran began their show. Definitly promoting the new album, as they played quite a few songs from it. The band is still a bunch of showmen, and they played hit after hit. The band worked in a tribute to Roger Dovers as well during, 'Planet Earth'. It was also wonderful to have Niles come back on stage and perform with them a song he wrote for Duran Duran. All and all, a great concert performed in a beautiful Amphitheater, with a kick ass sound system. I'd see them all again. Read more Report as inappropriate
